RE : Islamic Financial Services Board Survey Questionnaire on Investor Protection in
Islamic Capital Markets

Dear Members,

The Islamic Financial Services Board (IFSB) is currently developing a standard on *Investor Protection in Islamic Capital Markets*. As part of the process, the IFSB is undertaking a survey in various IFSB member jurisdictions. The purpose of the survey is to ascertain the existing regulatory practices and investor protection regime in various jurisdictions to gather necessary information on good industry practices and to gain the regulator's feedback on issues relating to investor protection. The survey will cover regulators, market players as well as investors.

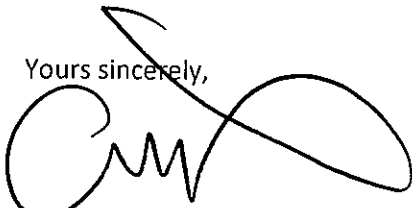

The SC is coordinating the survey on behalf of the IFSB for the securities industry. In facilitating the SC, we would appreciate members to respond to this survey which is available online via the following link:
